

## **January 2008**

### **Notes from your Prez -**

**The Christmas Party was a great success due to the hard work of Judy Adcock, party chairman, with the help of Chigger and Cookie Wood running all over town getting the door prizes. We had 116 present, which included people from Greensboro Shag Club and Raleigh Shag Club. The Country Club did an excellent job with the food and Jerry Burrage provided the music, which was great as usual. A big “Thank You” to all of you for another wonderful party. The half-and-half was won by Smitty \$160.00; what a great Christmas present.**

**Well enough about the Christmas Party!**

**I just returned from Mid-Winter at Myrtle Beach. What can I say, rain, cold, rain, colder? I saw quite a few froggets dancing at Ducks and to the bands, Coastline, Sea Cruz, and Craig Wooler at Fat Harold’s and Dynamite’s.**

**I attended the ACSC Meeting Saturday Morning; 1 new club was voted in, Battlefield in Fredricksburg, VA. The Spring Parade on Monday is a “Pair of Seven.” Anyone have any ideas for a float?**

**The SOS Board is looking for suggestions for Fun Monday entertainment if you have any ideas who you would like to see perform please let me know.**

**See you at the meeting February 2 at The Tavern. DJ will be David Harris from Raleigh.**

## **Month's Dance Tip - from Archer Joyce**

### **KEEP 'EM CLOSE**

One factor in being able to dance well with a partner involves the distance you create between each other. Guys, try to keep your elbow in your rib cage at your farthest distance apart. Take smaller steps in turns; no need to try to jump around her. Ladies, watch your distance as well by taking smaller steps in turns. There's no hurry in getting past each other - you have until the "6" to complete it. Both of you, pay particular attention to the distance you move **back** on your "3's"; this is a typical problem in distance. Staying closer also reduces the tendency to pull each other on the "5&6" - since any signal is given somewhere around the "5", the stiffer and harder her arm, the more effort he has to make to make her read the signal. The result? A jerking match!
